E. E. FRENCH AGAIN PRESIDENT OF BOARD

NOMINATED BY TRUSTEE
R. H. CHAPIN.

A HARMONIOUS SESSION

Standing Committees Will Be
Announced Next Monday
Night; Approach To Pier
Will Be Paved.

The board of city trustees that will have charge of city affairs for the following two years was formally organized, Monday night, and Trustee E. E. French is again the chief executive of the city of Huntington Beach.

The old board was called to order by President Will Tarbox, and the election returns were read by City Clerk Chas. R. Nutt, there being no change in the totals that were published last week in the News.

President Tarbox arose and said he desired to express his appreciation of his associations with the board during his term of office, as he considered it one of the pleasures of his life. Harmony had prevailed, and very rarely had there been a motion or resolution that had not been adopted by unanimous consent, and all projects had been carried out in a conscientious manner. Mr. Tarbox said that while everybody's views had not been respected, the trustees had been elected to transact the business of the city to the best of their ability.

While standing, Mr. Tarbox said, he would like to put the motion for the election of a president of the board, and asked for nominations. Trustee Chapin arose and said there had been one man elected who deserved to be chairman, as he stood for progress, and was always ready to assist in the advancement of the best interest of Huntington Beach. He had served as president before in a creditable manner and he thought should do so again. He nominated Mr. French.

Mr. French stated he appreciated the honor tendered him, but said he had served in that capacity before and he had no particular desire to add new laurels to his credit; the only desire he had was to serve the city to the best of his ability. He said there were other members that were able to assume the duties of chairman of the board. If it was a good thing he thought it should be passed around. Mr. French nominated Richard Drew, the only new member on the board.

Mr. Drew said he could not accept the honor. He said that Mr. French had held the office before and was better qualified for it than any other member, and he should accept it. "And, furthermore," Mr. Drew continued, "Mr. French will have to accept it."

Trustee Decker felt that Mr. French should accept the honor, as he was familiar with the duties of the office, having held it before.

Mr. Tarbox put the motion that Mr. French be elected president, which prevailed without dissent.

Thanks the Voters.

Mr. French said before assuming the duties of his office he desired to express his gratitude to the voters of Huntington Beach for the splendid vote of confidence given him. He did not know exactly the reason, but he felt a greater responsibility than ever before. He proposed to carry out his views as far as possible, as expressed publicly prior to the election. While it was time to economize, he said, we could not stop work, and his energies would be exercised for the furtherance of the economic good of the city.

Bonds Accepted.

Surety bonds for Clerk Nutt and Treasurer Lavering of \$1,000 and \$3,000 respectively were inspected and approved. The president of the board holds the bond for the clerk, and the clerk that of the treasurer.

Will Buy Material for Decorations.
President French brought up the matter of the city purchasing material for pennants and flags for street decorations, saying that members of the Woman's Club and Red Cross had agreed to do the work. Trustee Chapin thought the idea a good one, as in the end it would be a saving. He mentioned Seal Beach as making decorations for such purposes. Trustee Vavra favored the plan, saying that if the city owned the decorations they could be used more often. Trustee Drew said the idea was all right pro-

viding the decorations were properly cared for.

Will Pave Approach to Pier.
President French asked about the matter of paving the approach to the pier that has been before the board at various times for the past three years. After considerable discussion, City Engineer Spencer was directed to consult with the interested parties and report at the meeting next Monday evening, the motion having been made by Trustee Vavra and seconded by Trustee Drew.

Improvement For Quincy Street.
Wm. C. O'Connor asked the board to have some work done on Quincy street, commonly known as the Newland road, as the county was having work done on the road to Newport mesa. Mr. Drew said the street should be improved, as it was in bad condition; and, on motion by Trustee Chapin, seconded by Trustee Decker, the engineer was instructed to inspect the street and report what should be done.

May Have Ordinances Printed.
Trustee Vavra said that as the city ordinances had not been printed for several years, it was a difficult task to locate desired information. Trustee Chapin said the last compilation was made in 1912, and he favored having them printed in book form at this time. City Attorney Nelson was instructed to prepare copy for the work.

ASSOCIATED CHAMBERS OF COMMERCE HERE.

WILL MEET NEXT WEDNESDAY
EVENING.

The Associated Chambers of Commerce of Orange county will meet in this city next Wednesday evening, and the banquet will be served at the Huntington Inn.

At the last meeting of the Chamber of Commerce, President E. E. French and R. L. Obar, delegates representing that body in the county organization, were given charge of the arrangements. Every citizen who has a dollar bill to spare is invited to a seat at one of the tables, whether a member of the Chamber of Commerce or not. A large attendance is anticipated.

Saturday afternoon is not meant for children, unless they go with their folks—they ought not to go.

The fair is being held under the auspices of the Chamber of Commerce, and some fine talent has been secured, and the affair has broadened out to something of the Chautauqua order.

A special cafeteria lunch was served at noon.

BOY SCOUTS CAMPAIGN CLOSED TUESDAY NIGHT.

THE LOSING PATROL LOST BY
ONLY \$1.25.

The contest for the sale of War Stamps between different patrols of the Boy Scouts closed Tuesday night, and the patrol headed by Assistant Scout Master Cecil McCoy and Glen Turner, as patrol leader, won over the one directed by Assistant Scout Master Clyde Wardman and Ashley Davis, patrol leader, by the small sum of \$1.25, the totals being \$946.50 and \$945.25, making the total sales of \$1,891.75—a very flattering showing for the Scouts.

The losing squad will pay for a banquet. Those selling the larger amounts were: Cecil McCoy, \$467; Clyde Wardman, \$402; Charles Hazard, \$368; Gordon Talbert, \$320, all of whom earned gold medals, and every Scout is making an effort to do likewise before the close of the campaign, December 31. The Boy Scout campaign for the sale of Liberty Bonds will open April 27 and close May 4th. The Boy Scouts are to be congratulated upon their good work.

TENT CITY TO BE REORGANIZED

MATTER WILL SOON BE UP
FOR CONSIDERATION.

A PROFITABLE ENTERPRISE

Summer Cottages To Be Erected, and Free Camping Site
Proposed; Additional Capital Required.

Now that the Third Liberty Loan is practically taken care of, another matter of great importance to Huntington Beach is the consummation of the plans relative to the continuation of the Huntington Beach Tent City Co., as outlined in the News March 15.

This will be one of the topics that will be up for consideration at the next meeting of the Chamber of Commerce.

As has previously been stated, the tentative plans call for an increase in the capital stock of the Tent City Company from \$10,000 to \$20,000, and the erection of a number of ready-cut houses on the beach, a short distance east of the Pacific Electric tool house, and the opening of a free camp ground east of the summer cottages. These improvements would be adjacent to the extension of the coast boulevard to Newport Beach, and therefore would be of inestimable value to this city.

It is also proposed that the first unit of an auditorium be erected on Fifth street, on the alley between the block where the old Grammar school was located and the one on the north donated by the Huntington Beach Co. for park purposes, which could be used for the Fall Festival events and such visitors as the Southern California Veteran Association, which organization will probably not be accommodated by the Huntington Beach Methodist Assembly subsequent to this season.

It is proposed to raise the additional money required for this commendable enterprise by subscription, to be paid in equal installments covering a period of five years, which will induce many to assist who could not do so if the amount was to all be paid at one time. One who subscribes \$100 would pay but \$20 per year.

SERVICE FLAG WILL BE DEDICATED SUNDAY.

AT ST. MARY'S CHURCH AT 7:30
O'CLOCK.

A parish service bag will be dedicated at St. Mary's church on Orange avenue, between Tenth and Eleventh streets, Sunday evening at 7:30. A patriotic address will be delivered by Father Woodcutter, priest in charge, and a cordial invitation is extended the public.

BATH HOUSE WILL OPEN SATURDAY.

SOMEWHAT EARLIER THAN LAST
YEAR.

The Huntington Beach Company announces the bath house and plunge will open for business tomorrow (Saturday), which is somewhat earlier than last year.

SUGAR BEETS ARE MUCH VALUE TO SOIL

WISCONSIN EXPERT GIVES
HIS OPINION.

ROOTS ARE A FERTILIZER

Adds Humus To Lower Strata
of Soil; Deep Plowing Is Essential; Assures Greater
Productivity.

The following interesting article on the culture of the sugar beet, from the current issue of "Facts About Sugar," published in New York, and written by W. H. Heideman, a Wisconsin agricultural expert:

In plowing for grain we usually turn the soil over to a depth of six inches, sometimes seven, but more often five. Beneath the soil the ground is so hard that the main roots will not penetrate it and consequently all the nutriment our crops receive is drawn from five to seven inches of top soil. To prepare the soil properly for sugar beets a subsoil plow is used, following the regular plow, which stirs the soil to a depth of from twelve to fourteen inches.

The general conception of a sugar beet is that it is one large root, but this is erroneous. In addition to the main root there are a multitude of small fibrous roots which nourish the main one and go down as deep as the earth is stirred.

When the main beet roots are plowed up in the fall these fibrous roots are broken off and remain in the ground and, in rotting, add humus to the lower strata of soil, also leaving numerous small crevices to the full depth that the main root has penetrated.

When other crops follow beets the roots, instead of going down only to the depth of the plowing, find the little enriched crevices left by the decayed small beet roots, and following them on down they draw nutriment from twelve inches of soil instead of from six inches of soil. In other words, the culture of beets doubles the amount of soil upon which the crop draws for nutriment without adding to the acreage.

Sugar beets are drilled in in rows 18 to 20 inches apart, and are thinned out in rows from eight to ten inches apart. With a good stand this will average from thirty to forty thousand beets per acre. The fibrous roots attached to each beet, many of which are over one foot in length, weigh only a few ounces when dried, but if they only average one ounce to each beet they carry down into the under strata of the soil over one ton of humus per acre. Just imagine how much money it would cost to purchase a ton of decayed vegetable matter and distribute it evenly over an acre of ground, then bury it to a depth of from six to fourteen inches, where it is most needed. Such an operation on a field of any size would bankrupt any ordinary farmer.

Besides this sugar is carbon, hydrogen and oxygen, drawn wholly from the atmosphere, being merely the sunlight, the rain and the wind which sweeps over the fields. The farmer who turns back all the by-products, such as the beet tops and beet pulp, loses nothing from his soil, while a good crop of wheat carries away plant food having a commercial value of \$9 per acre, and a good crop of tobacco exhausts plant food worth \$20 per acre.

Evidence that sugar beet culture benefits the land can be found by comparing the Government statistics of the average yield per acre in the United States with those of European countries where sugar beets have been among the leading crops for many years. Germany, which formerly produced more beet seed than any other country, or about one-fifth of all the world's production, has the highest average yield per acre of other crops. The comparison following shows that in wheat, oats and potatoes the yields are more than double those of the United States.

	U. S.	Germany
	Bushels	Bushels
Wheat	14.0	29.6
Oats	23.7	58.2
Barley	23.8	38.2
Rye	16.4	24.7
Potatoes	95.4	205.3

If during the same year the yields of the above five crops had averaged

SUGGESTS THAT A CAR BE RUN FROM SAN PEDRO.

FATHER WOODCUTTER A PROGRESSIVE CITIZEN.

Father Woodcutter, priest in charge of St. Mary's church, believes that something should be done toward finding occupants for the empty dwellings in this city, and has suggested that the Chamber of Commerce take up the matter with the Pacific Electric Railway Co. and ask that arrangements be made for running a car or cars direct from San Pedro to Huntington Beach to accommodate workmen. This, he believes, is not impracticable, as the distance between Huntington Beach and Los Angeles and San Pedro is about the same, and a large number of families could be accommodated by this train.

Father Woodcutter has made some splendid improvements about the parish property since he arrived, and is taking an interest in civic affairs.

WOMAN'S CLUB WILL ENTERTAIN NEXT WEEK

IN THE GRAMMAR SCHOOL
AUDITORIUM.

VOCAL SOLO BY MRS. WOLFE

The Coming Event of the Season
Is the Entertainment Being
Staged By the Woman's
Club.

No use to ask anyone if they are going to attend the entertainment to be given by the Woman's Club in the Grammar school auditorium, Friday evening of next week, because it is understood that everybody will be there and assist the women in their effort to purchase Liberty Bonds.

The feature of the musical section of the program will be a vocal solo by Clara Castleton Wolfe, who is well known in Huntington Beach, having resided here for some time prior to going to New York to study. Mrs. Wolfe has successfully appeared before audiences in the American metropolis, and has done considerable benefit work since the beginning of the war.

The program will be given in two sections, the first being of a musical nature, and the second being along vaudeville lines, under the direction of M. A. McCreery.

The numbers on the first section follow: Kindergarten; violin solo, Mrs. C. C. Newland; reading, Miss Marie Osterhaus; violin trio, Miss Lucile Davenport, R. C. Turner, Franklyn E. Skinner; ladies' quartet, Mrs. Louis A. Copeland, Mrs. Harry A. Bowman, Mrs. Paul C. Elfeld, Miss Mary A. Turner; reading, Miss Anita Hertel; vocal solo, Mrs. Clara Castleton Wolfe.

The second part of the show will be entirely vaudeville, surpassing any "road show" of the "big circuits," and going "over the top" of anything ever presented in Orange county. One big laugh from start to finish.

This will be a "bargain show"—any number guaranteed to be worth the price of admission, besides helping to buy a Liberty Bond.

Given under the permission of the "County Board of Defense Against the Blues."

Madam Sparkin, supported by a company of twenty, in their combined act, "School Days." Among those supporting Madam Sparkin are "The Fairbanks" or "Gold Dust Twins" in a big singing and dancing act; Miss Samantha Doolittle in a one-act farce, "The Frog;" Master Skin'em in "Over the Top;" "The Rainbow Chorus" in songs of "Long Ago;" The Grace Sisters, the "Pianists."

These are only a few of the "many." Manager McCreery announces that his long leased wire is crowded with offers. Surprises will be many. Anyone missing this "Master Performance" will live only to regret it.

Fine wedding and birth announcements printed at the News office.

Germany our production of these crops would have been increased by over two billion bushels, which on the basis of present prices would have increased the return to the farmers of the United States by more than one

We'll Fix It

If your watch or clock is out of the running, bring it to us. We'll fix it and give it back to you in nearly as good a condition as when it was new.

Watch and clock repairing is one of our hobbies. We are really as particular about having you satisfied with a repair job as we are having you satisfied with the goods you buy from us. To get the greatest amount of satisfaction out of either a watch or clock, it must be inspected and oiled every year or two—once a year is better.

You wouldn't think of buying a new automobile and then trying to run it without oil; neither should you think of letting your watch or clock run year in and year out without a drop of oil. Better let us look after it for you.

GREAT WAR LECTURER HERE MONDAY NIGHT

CAPT. DAVID FALLON WILL BE THE SPEAKER.

GIVEN BY JUNIOR RED CROSS

In Grammar School Auditorium; Illustrated Lecture, "Over No Man's Land With Dog Teams."

The Junior Red Cross of the High school has secured one of the greatest war lecturers in America, who will speak at the Grammar school auditorium next Monday night.

Captain David Fallon, M. C., is being routed on the best chautauquas at twice and three times the admission that will be charged.

He is thirty-one years of age, a graduate of Dublin University, a scholarly man and a polished orator. He served with the British in Africa, India, China and Australia. He has written books on military training and tactics. He recruited 20,000 Australians for service at the Dardanelles. He fought in Belgium and France. He is the inventor of the trench bayonet. He has received a medal in China, 1910; Military Cross for conspicuous gallantry on the field, 1916; was gazetted, 1917; received Military Cross from King, 1917. In one memorable but disastrous charge, out of 1000 Australians only 43 survived. Captain Fallon among them, with a bayonet thrust through the hand.

Captain Fallon has a thrilling story to tell—doubly thrilling because it is true. He paints his own experiences with startling realism. But war in the trenches also has its lighter side—its irrepressible human side—and this the survivor of Gallipoli and La Somme presents with a spontaneous humor that compels many a rippling burst of laughter.

Captain Fallon is the author of the great war book, "The Big Fight." He is battle-scarred with fifteen wounds, and, with his right arm useless, gives an impassioned address.

The same evening, Monday, the 22, Mrs. Claire Hosler Coombs will give a thirty minutes' talk on her subject, "Over No-Man's Land With the Dog Teams." Some of our citizens who have heard Mrs. Coombs pronounce her the best woman speaker they have ever heard.

Tell your neighbor—bring your neighbor.
Admission, 10 and 25 cents.

The W. R. C. met in a body with the Red Cross at headquarters on Tuesday afternoon, April 16th. They will meet regularly on the third Tuesday of each month to help sew hospital garments. Those who did not belong to the Red Cross joined on this date.

The headquarters are open on Tuesday, Wednesday, Thursday and Friday from 1:30 to 5 p. m. All are welcome.

ODD FELLOWS WILL CELEBRATE IN PARK.

The Odd Fellows of Orange county will celebrate the 99th anniversary of the founding of the order, in Orange County Park, Friday of next week.

Backwoods Party.

Friday evening of last week the young folk of the League and the fellows of the Talbert Y. M. C. A. club met in their room in the back of the church for their monthly party. This party was called "A Backwoods School Party." The girls and boys all came in funny farmers' costumes. One boy came dressed as an Indian, and he did not even leave off the war paint. The boys brought fruit and the girls brought sandwiches and cake in tin buckets. All of the games were new, except one, while the whole object of the party was to have as much fun as possible. There were about an equal number of girls and boys, about 25 in all. From beginning to end the party was a continuous scream of laughing. At ten-thirty, when it was broken up, all were of the opinion that it had been a very jolly and happy gathering. The next party will be held about the first Friday of next month and the Y. M. C. A. club will entertain.

Silver Fox Club.

The Y. M. C. A. club, the Silver Fox, has been organized about a month now. There are eight boys in the club. Ivan Harper is the president, and Rev. Andrews is the leader. The colors of the club are silver and purple, and the motto is "Help the Other Fellow." The initiation fee is \$2.50, with which the club purchases athletic supplies, etc. Already the club owns a splendid basket ball and a set of boxing gloves. The time of meeting is Thursday evening at 7 o'clock. The young boys of the community are invited to join.

Beets Looking Fine

It is doubtful if there were ever more favorable prospects for a big tonnage of beets, early in the crop season, than at the present time in this section of the valley. The thinning work is well in hand, and most fields have been cultivated once, and some of them twice—that is, of the earlier plantings. The beets are growing rapidly, as the ground is in extra-prime condition for plant life. No damage has been reported from the effect of the high, cold wind Saturday of last week.

On the Pacific Ranch.

A new bungalow has been completed and is occupied by Mr. and Mrs. John Russell, who were burned out a short time ago. Mrs. J. W. Corrick of Strawberry Park left Tuesday morning after visiting for ten days with Mr. and Mrs. B. W. Ellis. Mrs. Corrick is the mother of Mrs. Ellis. The thinning work in the big beet fields will soon be completed and the beets have been cultivated the second time.

Passed Away Friday.

David F. Strain passed away Friday of last week at the family home, north of the La Bolsa tile factory, after a lingering illness. Mr. Strain located on a 20-acre tract about three years ago, and in that short time developed one of the most attractive places in this vicinity, most of the land being set with lemon trees. Some of the choicest peaches seen in this section of the county have been grown on trees on Mr. Strain's ranch, and it was his hope to at some time have one of the finest fruit ranches in Southern California, and had he lived he would have no doubt realized his cherished ideal, as he was a man of fine attainments. The numerous floral offerings attested his high standing in the community. He was born in Virginia and resided for many years in Arizona before coming to California. Miss Mabel Anderson, a stepdaughter, and Frances, an adopted daughter, will continue to reside on the ranch. Funeral services were held Monday at the chapel of Rosedale cemetery, Los Angeles, by Rev. Ross, where the interment took place.

What Will the Harvest Bring?

On Most Crops One

CAN ONLY GUESS

But the Growers of

Sugar Beets Are Sure

of a HIGH MINIMUM price under our present contract, which bases the price for beets on the price received for sugar, BUT WITH A GUARANTEE that it will be not less than though the sugar brings 7½¢ per pound.

Under this guarantee the price for 18 per cent beets (which is less than the average test of all beets delivered to our factory) will not be less than \$9.00 per ton, and will be higher if sugar brings more than the price named above. THE MINIMUM RETURNS PER ACRE for 18 per cent beets will be as follows on acreage producing from ten to twenty tons:

Yield Per Acre	Minimum Returns for 1918	Increase Per Acre Over Minimum Provided in Previous Contracts
10 tons	\$ 90.00	\$36.00
11 "	99.00	39.60
12 "	108.00	43.20
13 "	117.00	46.80
14 "	126.00	50.40
15 "	135.00	54.00
16 "	144.00	57.60
17 "	153.00	61.20
18 "	162.00	64.80
19 "	171.00	68.40
20 "	180.00	72.00

The increase is 66⅔%

Copious rains have put fields in ideal condition for preparing seed beds, and land reasonably suitable and properly farmed should yield a highly profitable beet crop.

The Following Items Appeared in the
Huntington Beach News of
April 10, 1908.

At the Board of Trade meeting, Monday night, Secretary S. W. Price reported that the street-cleaning campaign had been very successful, and a vote of thanks was extended the Woman's Club for the important part club members took in the good work. R. E. Graves of the fire insurance committee reported that no reduction in fire insurance could be expected until some new fire hose had been purchased. President M. D. Rosenberger was designated to represent the Huntington Beach Board of Trade at the banquet to be given by the Long Beach Chamber of Commerce at the Virginia Hotel, Tuesday evening, April 7, and A. L. Reed was named as alternate. Professors Root and Solomon and Mr. Louis Paul Hart were admitted to membership.

The second annual field day between the schools of Orange county was held in Santa Ana, Saturday, the Anaheim school being the only one not represented at the meet. In the pole vault, Hall of Huntington Beach won first, breaking the county record, at 9 feet 10 inches. The mile race was the most interesting one of the day. It had been reported that Huntington Beach had a fast "miler," but Santa Ana expected to land the place. Blodget of Huntington Beach drew the pole and set a fast pace for two laps. McGee of Santa Ana tried several times to take the place, but was outwitted by Blodget, who, although a new man, ran an almost perfect race. When the pistol was fired for the last lap, both Blodget and McGee set out at a fast pace, leaving the field to the other competitors. In the last 100 yards Blodget was easily first, finishing strong with the record time of 4:57, clipping 23 seconds from the previous record. The 440-yard dash was won by Tedford of Santa Ana, who passed Newland of Huntington Beach only a few yards from the tape. In the 880-yard run Blodget again defeated McGee. Hall of Huntington Beach won the relay race.

At the election in Ocean View district, last week, Dr. Huff was elected to succeed J. L. Farrar as school trustee.

T. B. Talbert, W. T. Newland and S. W. Price, the committee appointed by the Board of Trade to secure the annual encampment of the G. A. R. for Huntington Beach, were successful in their efforts, and the old soldiers will be here in August.

C. W. Warner and W. L. McKenney were elected to succeed themselves as members of the High school and Grammar school boards, at the election Friday of last week.

Mr. and Mrs. H. T. Sundbye of Long Beach were in town Saturday.

Miss May Elwood of Preston, Kan-

sas, was a guest at the home of Dr. Wilson, Tuesday.

NO TIME FOR INTOLERANCE.

(Editorial in Los Angeles Times.)

We cannot but regret that, at such a time as this, a discordant note should be sounded in the great concert of churches which, regardless of sect or creed, is spiritually upholding the cause of democracy in the hour of its sorest trial. America today fights under the single banner of Christ and humanity. To pick out one of the institutions engaged in the essential work of attending to the spiritual needs of its members enlisted in the United States Army and to make the appointment of chaplains in that particular faith the subject of a protest to the President appears to us to be ill-advised, unpatriotic and deplorable.

It is not our purpose to be drawn into any dogmatic dispute over the doctrines held by this or that body of religious believers when the whole structure of civilization and Christianity is at stake. No fair-minded citizen wishes to infuse any partisan spirit into the politics or business of the country while loyal co-operation of every power in America is needed to support the hands of the government. Of all the forces sustaining the nation at the present time the spiritual force of a united religious effort must occupy the first fighting position. If to inject intolerance into the discussion of material issues on which the safety of the republic depends is reprehensible, how much more to be condemned must be any narrow bigotry that would break up the present harmonious brotherhood among all the religious worshippers in America and seek to make a denominational profit thereby!

So far as the Christian Science Church is affected, we believe the plain statement of Mr. Van Arsdale sufficiently answers the protest voiced

at the meeting lately held in the Bible Institute auditorium. "Christian Scientists were granted a few chaplains by the Secretary of War because the number of that religious faith in the country's service warranted the appointment."

Carping criticism has no place in America's war programme. To profiteer on war supplies, to exploit the rigors imposed by present conditions on the people, to swell private fortunes at the expense of the public—these are regarded as venalities of the worst type, to be suppressed by the full strength of the government. Trained experts are on the job to investigate the operations of the meat or wheat or trade or transportation of hogs—and public sentiment is squarely behind the government.

Surely, then, any attempt to make religious capital out of the war, any scheme to take unfair advantage of the professions of faith of some particular sect and employ their relation to the present struggle as a method to condemn them—and furthermore to invoke the meddling of the President in a narrow dogmatical dispute—will be frowned upon by every fair-minded American citizen.

Our republic was founded upon the principle of religious freedom of thought under the law of the land. The present time is an especially unpropitious one for injecting the spirit of intolerance into the religious side of the war work ahead of the nation.

P. G. Wooster of Pasadena was in town last Saturday and stated that he expected to shortly erect a modern dwelling on his Ninth street lot. He stopped at the Evangeline.

A runaway that caused considerable excitement last Saturday was when a team attached to a surrey, belonging to L. T. Wells, dashed up Walnut and out the Wintersburg road, headed for the farm.

There was a special meeting of the Board of Trade, Tuesday morning, and the following were appointed to make proper arrangements for the passing of the fleet of warships, that will pass here tomorrow, Saturday, afternoon: A. L. Reed, C. R. Nutt, J. W. Walker, C. W. Warner, Dr. Wilson, W. L. McKenney, W. T. Newland, T. B. Talbert, S. W. Price and Henry Gibbs.

Adolphus Busch, the great brewer, passed through Huntington Beach, Thursday, on his way to Newport Beach in his private car. He was accompanied by Mrs. Busch, his daughter, Mrs. Nellie Magnus, and several others.

The official board of the Methodist church met at the residence of the pastor, Monday evening. Never before in the history of the church and Sunday school has there been such prosperity in the support of foreign missions and other benevolences. Great credit was given those who have so generously contributed, and especially to Mrs. J. N. Hearn for her magnificent gift of \$400.

A genuine old-fashioned surprise party was tendered Mr. and Mrs. W. L. McKenney, last Friday evening, by members of the Bible class. Mrs. McKenney was presented with a Bible. A quartet, composed of Rush and Ward Blodget Cash and Merle Ramsey, sang a number of songs, much to the pleasure of the crowd.

Mrs. A. L. Reed and Mrs. S. L. Blodget had charge of the program at the Woman's Club, Monday, which was as follows: Views of Cooper's "Last of the Mohicans" by Mrs. J. A. Flaws, and several other excellent papers.

OBITUARY.

Mary Jane Buck was born at Penzance, Cornwall, England, Dec. 3, 1837, leaving her home in Westminster, April 13, at 3:45 p. m., aged 80 years, 4 months and 10 days.

With her parents she came to the United States when she was six years old. The family settled in Wisconsin. Here she spent her girlhood days. Thence they removed to Illinois. In 1865 they moved to Iowa, remaining seven years. In 1873 they left for Kansas, staying nearly two years. In 1875 they came to California, settling at Westminster, where they have resided for 43 years.

She was married to Mr. Buck in Illinois in 1857, when she was 20 years old. Four years afterwards her husband enlisted in the Civil War, receiving his honorable discharge for disability after two years' active service. Mr. Buck passed away December, 1909, after a long married life of 52 years. Six children were born—John, Grant, Sherman, Ellsworth, Bessie (Mrs. Culver) and Charles, all of whom survive their parents.

Her life can be estimated only as we remember that in the states where they settled they were pioneers, facing the hardships and struggles incident to that situation. Then, too, Mrs. Buck had to face the stern fact that after four years' married life her husband was absent for two years fighting in the ranks.

With her husband, she was a member of the Presbyterian church, in which for some years Mr. Buck was an honored elder. Her church life was her chief joy. From its ministry and fellowship, she gained increasing satisfaction and comfort.

Loved by all who knew her, her gentle, kindly spirit drew to her a host of friends. But the weaknesses of added years grew apace, and at length, in the presence of her children, dear friends, and her pastor, she entered into rest, arriving "safely home." She leaves to rever her memory, to live under the stimulus of her rich, splendid life, her children and their families.

lies, a host of friends, and the church she loved. She has joined the Church of the Redeemed in Heaven, and her Savior, whom she loved and served.

Funeral services were held in the Presbyterian church, Westminster, Tuesday, at 10 a. m. Interment was in Santa Ana. The pastor, W. T. Wardle, conducted the services. "Saved By Grace," "Safe In the Arms of Jesus" and "Nearer My Home Today" were sung. Floral offerings, beautiful and appropriate, were many. Friends from far and near attended. Services at the grave were concluded by singing "God Be With You Till We Meet Again" and the benediction. W.

Buy Your Fruit Jars Now

Prices on fruit jars were withdrawn this week and the chances are they will be considerably higher when the new list is available. We bought early and have a big stock on hand and our advice is to buy now while they last.

Tuesday we sold a rancher residing on the desert near Thermal, 150 miles away, a big order and he stated he found he could save considerable money by trading at the grocerteria. We are also supplying ranchers in other sections of the desert.

The reason our prices are lower is that we do business at less expense than any other store in this section of Orange county. Bring in your eggs. Case count in trade, or two cents less for cash.

"I WILL REPAY" FOR SATURDAY NIGHT

Frank Daniels, Great Comedian, Sunday.

PAULINE FREDERICK NEXT WEDNESDAY NIGHT.

Saturday Night.

"I Will Repay," the Greater Vitagraph Blue Ribbon Feature, is adapted from the O. Henry story, "A Municipal Report." It is the love story of a young Northern magazine writer and the daughter of a Southern judge and the emancipation of a cultured, delicate Southern authoress from the curse of a brutal, drunken husband.

Eight Vitagraph favorites make up the cast, which is headed by Corinne

Corinne Griffith in "I Will Repay"

Griffith and includes William Dunn, Mary Maurice, George J. Forth, Arthur Donaldson, and Eulalie Jensen.

Roger Kendall is not enthusiastic when the editor of his magazine sends him to Nashville to close a contract at two cents a word with Azalea Adair, a "coming" writer. The chief impression gained by the journey and arrival is made by a torn \$1 bill which he gives to the negro who drives him to Miss Adair's home. The impression is accentuated when she later displays the bill in sending a maid to the store.

The real tragedy in Azalea's life is hidden from Kendall—that she is the wife of Major Caswell, who abuses her, taking by force every cent she can earn, even the money her father's slave, Caesar, can make running his dilapidated hack, and which he gives her.

A suitor for Virginia's hand, and at the same time consorting with Beulah, the mulatto owner of a "speak easy," is Steve Bascomb. Virginia gives a party in Kendall's honor, in course of which Steve proposes to her. "Shells and Shivers," a slapstick uproar, and the Hearst-Pathé Weekly will interest you.

Second show starts at 9:10.

Sunday Night.

The 11th episode of "The Fighting Trail" will be the feature Sunday night.

Shot through both wrists so he cannot handle a rifle or pistol, tied to the tail of a wild horse which then is sent galloping across the great desert of Southern California in a raging sand storm, is the fate of John Gwyn, a young American mining engineer, in the eleventh episode of "The Fighting Trail," Greater Vitagraph's serial of adventure and the great outdoors.

This fiendish act is only one of a score attempts of an outlaw band to kill Gwyn and secure possession for an agent of the Central Powers of his mine which furnishes the ingredients of a powerful explosive for the Allies. William Duncan, Vitagraph's great star of daring and adventure, plays the part of Gwyn, and Nan, his bride, whose life is no less sought, is Miss Carol Holloway, whose fearlessness before the camera has made her reputation secure in pictures of action and brave deeds.

J. Stuart Blackton and Albert E. Smith determined to produce a farce-comedy that would establish a new record—even for Vitagraph. And they succeeded.

First of all they engaged Frank Daniels, the greatest comedian of this generation, the man who has probably made more people laugh than any other human being. They knew his capabilities; they knew his humor. They knew his was the kind of humor that motion pictures had been waiting for.

They had Paul West write the plot. They had him write it to Frank Daniels' measure—to bring out to the limit Frank Daniels' inimitable ability.

They gave Frank Daniels the cream of Vitagraph support. And then they turned on the full power of Vitagraph Blue Ribbon production.

The result is "Crooky."

"Crooky" is Frank Daniels' first departure from the stage to the screen. And it is the triumph of his career.

Few successful stage actors succeed in motion pictures. The reason is simple. Their stage success is based on what they say and how they say it, rather than on what they do. Take the words out of their mouths and they fall flat.

Frank Daniels is the great exception. His stage success you remember lies in his actions. It takes an extra-

ordinary comedian to keep an audience in convulsions for even a few minutes without talking. And yet Frank Daniels can do it for an hour and a half! He has done it—as you will see when you see "Crooky."

Second show starts at 9:10.

Wednesday Night.

Daniel Frohman presents the celebrated emotional actress, Pauline Frederick, in "Ashes of Embers," in which the star plays the dual role of twin sisters. Famous Players production on Paramount program.

Pauline Frederick plays two totally

different roles at the same time.

It gives glimpses of life in every phase, from the millionaire's palace to the jail.

Agnes, the drudge, is the cashier of a department store and her sister, Laura, devotes her energies to the cultivation of her voice—the bills being paid by her less talented sister. A young architect named Leigh is in love with Laura but she plays with him as she plays with everybody else that suits her purposes, among them a middle-aged millionaire. Deciding to lure the millionaire into a proposal at a big dinner, she demands money for a new gown from her sister, who replies that she has none. Driven to desperation at the thought of her plans going awry, she visits her sister at the department store and finally steals the money from her sister's cash drawer.

While Agnes goes to jail for the theft, Laura accepts the millionaire and marries him at once—before he can change his mind. Having captured the millionaire, she proceeds to flirt outrageously with Leigh until her husband calls in his lawyer, Marvin, to institute divorce proceedings. Laura captivates Marvin and he decides to attempt to save her.

Leigh meanwhile has taken to drink to console himself and continually calls for Laura. Agnes, not realizing who "Laura" is, decides to go to Mrs. Dauriston and persuade her to come to Leigh. Laura refuses to go and Agnes, by her devotion, cures him of drink and finally marries him. But she is jealous of his love when he gets a commission to build a house in Newport where he meets Laura again.

In support of Miss Frederick there appear Earl Fox, Frank Losee, Maggie Hallway Fisher, Herbert J. Frank and Jay Wilson.

Second show starts at 9:10.

TO THE VOTERS OF ORANGE COUNTY:

In justice to the many friends, who are urging me to be a candidate for Clerk of Orange county, I feel that it is due them that I declare my intentions. I therefore announce that I am a candidate for the office and will appreciate to the utmost the support and influence of the voters. I feel that the Clerk's office offers a large field for activity for the man who earnestly desires to serve the best interests of the people in a constructive way.

If honored by an election to the office to which I aspire, I will make every possible effort to perform the duties therein in an efficient and economical manner for the best interests of all of Orange county, and aside from these duties continue to work faithfully for Orange county's progress and development.

In view of the fact that for the duration of the war patriotic measures will require our very best efforts, I do not deem it proper to selfishly use my time for a political canvass when my duty lies in sticking close to business and honestly trying to do the work for which I am paid. To believe that a call from me would change your votes would smack of egotism and reflect on the intelligence of the people. I therefore am perfectly willing to trust my campaign to the people, believing that they will vote for the best interests of themselves regardless of so-called political influence and the usual campaign propaganda that is as unnecessary as it is annoying.

NOTICE

(Published under the sanction of the Liberty Loan Organization of the United States Treasury.)

It having become necessary for the purpose of preventing the onslaught of an autocratic government, based upon the ancient principles of savage warfare for spoil and conquest, from destroying the peaceful and friendly nations of Europe, with an ultimate purpose of aggression, against our own, the Government of the United States has allied itself in an over seas warfare, to preserve the peace of the world.

To maintain our army and navy, there is an immediate demand for large sums of money, to which end our Government has called upon its citizens to subscribe for Three Billion Dollars to the Third Liberty Loan. These bonds are issued in units down to the minimum of \$50.00, which by the co-operation of financial institutions are purchasable on very small installments.

It is your pre-eminent and important duty to subscribe for the bonds of the Third Liberty Loan to the very limit of your financial ability, regardless of speculative investment, personal desires and comfort—winning the war means everything—LOSING IT MEANS LOSING ALL.

Apply this test to yourself—where would your property, your home, your family, your honor, stand under German suzerainty?

Our men who have gone to fight sacrificed business opportunity, positions strived for and achieved, health and possibly life.

YOU ARE NOT ASKED TO GIVE—YOU ARE ONLY ASKED TO INVEST WITH THE STRONGEST GOVERNMENT ON EARTH—ON THE HIGHEST GRADE SECURITY, AT GOOD INTEREST. HELP MAKE THIS SUBSCRIPTION UNANIMOUS. IT'S MEMBERS THAT COUNT AS WELL AS CASH. THERE IS NO ONE WHO CANNOT BUY A BOND, IF PATRIOTISM, HONOR AND PRIDE COUNT.

Henry S. McKee, chairman of the Liberty Loan State Committee for Southern California, after receiving full returns from every community in his division, and important information from Washington, said on Monday, April 15th:

"I am satisfied that every city and town is going to be asked to double its quota. There is every indication that Five Billion Dollars will be required by Congress immediately, and that there is no such word in our war vocabulary as 'over-subscribed.'"

This is the test of patriotism that applies to those who do not go to fight—By Their Bonds Ye Shall Know Them.

Buy your Liberty Loan Bonds today from your banker—and then buy more, or subscribe at any of the 117 offices of

Remember—Germany expects the \$3,000,000,000 to be subscribed—Every dollar of over-subscription is a shot at Berlin.

LIBERTY LOAN FUND IS GROWING RAPIDLY.

ALLOTMENT WILL PROBABLY BE TWICE SUBSCRIBED.

The sale of Liberty Bonds is growing with each day of the campaign, and the total is now well beyond the \$40,000 mark, being a gain of more than \$10,000 over the amount reported last week, according to information given out by Judge Copeland, chairman of the committee, Thursday morning.

The allotment for this district was \$27,100, and it is confidently expected by those in charge that this sum will be at least doubled before the curtain drops for the close of the drive, May 4th.

No further argument is required as to the loyalty of the citizens of this section of the county. Those who have charge of the work and are giving so liberally of their time and energy are certainly entitled much credit.
